Was there a date for the Craft-Turney incident?

Thanks again!

Erin,

Revised draft is attached.

- Arkansas – Correct, we did not send our summa canisters, as Superfund decided to rent from a private lab. Added ADEQ Technical Assistance item.
- Louisiana – Added DWH analytes.
- New Mexico – Added dates and follow-up sampling event in 2017.
- Tribal – Added 2 items.
- State & Tribal Drinking Water Laboratory Certification – added items with narrative.

Importance: High

Hi again,

I take it back, this is somewhat urgent, as we are having a call with Administrator Wheeler this week and he would like the info sheet beforehand.

Thanks so much,

Erin E. Chancellor

Hey Wes,

Welcome back!

A few follow up Qs for when you have time (not urgent, we're rescheduling the call with the Administrator). Latest draft attached.

Arkansas – So the lab prepped the canisters, but didn't end up sending them? Are there other examples of when the lab helped out in Arkansas?

Louisiana – Do we have a list of analyses (or a sampling) that the lab provided for Deep Water response?

New Mexico – When (approximately) were the sampling events for GKM? Any other examples?

Any tribal examples?

Thanks!!

Erin,

Please see attached response.

Let me know if this is satisfactory or if additional/different information is needed.

Thank you,

Wes McQuiddy

Hi Wes,

I hear you're the guy to go to with a lab Q. Any chance you have 2 (or so) examples from each Region 6 state when the Houston lab really helped out? For example, Texas's could be Hurricane Harvey and the 2017 Corpus Christi water issue. Please give me a call if you'd like more info.

Thanks!
